# ALIGNER CARDS OF THE OCEAN DECK

**if you draw one of these, take a deep breath and gaze upon, meditate upon the key and read the words out loud. Breathe in slowly and deeply and allow the space.**

These are the Aligner Cards in the Acasma Ocean Deck. When you have any of these cards come into a reading you are being given assistance energetically to clear and shift the space.

This clearing and shifting happens as you clear and shift YOU.

The energy of the reading is a reflection of the energy of the space and the energy of the space is a reflection of the energy of your beliefs and interpretations. Your beliefs and interpretations come from your vantage point, the space of you that you are looking at everything from. When you look out at life and you look out from your sense of self as the now human, you are that (or those roles), you will experience and perceive your life from that vibrational alignment.

IF you look out at your life from your remembrance of yourself as a space of Source, you will experience and interpret your life from that vibrational alignment of you. We choose with every experience and we at any given moment have the ability to shift the vantage point we are coming from.

These cards are additional energy symbols that are available to assist you as you gain more clarity with your reconnection and activation of your higher mind into your Now.

These card are fairly self-explanatory.

Trust yourself and allow your flow. Connect with the energy of the card/s and allow your unfolding beyond the analytical mind.

It's time to ground. It is time to slow down for a moment and take a breath. Your body is processing your higher flow and it needs you to intend to ground and anchor it, Remind yourself you are a walking tree of higher flow. See your rootlines coming from your feet and anchoring deeply into Mother Earth. All you have to do is think about it. Imagine it. Allow it.

It's time to move on. The space you are asking about is connected to a shift in your own flow that is saying "you are whole". You may be questioning a past life trauma or density that you think you can't shake, BUT its really more that you are just used to being that space of you. It is time to let this space go. Release the past, it's not here any longer, except for in your own mind. Get present. You are Whole..

When you see this card it's time to remember you are an eternal soul and you are more than the human timelines. You are vast and you are the I AM. You are having a now experience and your power lies within the remembrance and implementation of this truth of you. Trust yourself as MORE and allow your MORE into your Now.

When you see this card trust in your faith that everything is unfolding as it should, even if it doesn't feel or look that way. Say out loud, "I trust my flow" Lean in to that trust and allow. Take a deep breath and imagine waves of peace washing over your thoughts and washing over your words.

Water is all throughout your body, your blood, your cells, your organs. Your waters hold an imprint of the thoughts and feelings you have had. When you see this card in a reading you are giving yourself the opportunity to cancel, clear, and even delete any slower vibrations from your waters. You are asking you to trust yourself and allow your Divine flow.

This card is letting you know the energy connected with the question is slower than optimal. To shift this energy, envision this key floating over the experience, space, all those connected to the question, and see the energy opening up and clearing. This card is about the energy of the space, the environment. Clear the space.

This card offers you a space to stop and take a breath. Let your body drop into itself and listen with your heart. Think or speak,

“I AM HOME”

Now, breathe in slowly and feel the love of The Divine Mother surround you. Trust this love is always with you. You are never separate from this love.

Everything you have been doing and working towards is paying off. You are right there. Stay the course. Live “as if” trust trust trust.

YOU GOT THIS!

There is something in this space that you have been holding onto. You know it in your heart. You can feel that the energy is not the best energy for you. You have been preparing for this moment.

You are ready to be free.

Let this go and choose YOU!

This card is about relationships. The experience involved with your question has connections of soulmate, twin flame, past life relationships. There is a divine union involved in this space and the energies of these connections are unfolding as they need to. Trust the flow and allow the flow.

This card is letting you know there is energy connected with your question that is ready to shift and clear. This denser energy is connected with your physical body. You are moving your own energy into a higher flow. Direct your flow by envisioning this clearing and trust yourself. You are surrounded by love and assistance and you never walk alone.

This card is a signal to you that you have healed the energy of a past life space. Trauma, karma, betrayal, separation, lack, fears, have been cleared. You no longer carry that energy signature in your field. To anchor from these new higher flow states of you, be open to responding to your life in a new more expansive way.

This card may show up when this reassurance is needed or to strengthen your faith in what you already believe. The situation you are in may feel big or daunting, but this card is here to remind you that you are bigger than the space you are navigating. Breathe deeply into this remembrance of being safe and being protected.

What you focus on expands. Even if you believe you are coming from your highest perspective, think higher. You are so vast and you are an Eternal Being having a now. Remind yourself of this understanding and adjust your focus. If need be, move your focus to a new space. If need be, redirect your focus to a backup, go-to thought while you allow the energy to shift. You are the power in the space, be mindful of this truth and place your power / focus accordingly.

The space you are walking through is opening up your connection to your ancestors. Trust yourself and trust your inner knowing. Your ancestors are with you at all times and this is expanding as you allow this space of you to be trusted by you. Lean in and allow your connection to strengthen.

\* THEY ARE WITH YOU \*

They ARE here.

You are never alone.

There is NEVER any judgment upon you, yet, only love. The more you think about and ponder the higher dimensional Beings that are all around you, the more you imagine them, the more this connection will grow. You are asking you to understand yourself as part of the TEAM. They are not here to save you, they are here to work WITH you as YOU SAVE YOU.

This card comes into a reading when deeper grounding is beneficial. This card is a sign that you are anchoring a new higher level of you.

You are activating a level of your remembrance and a level of your higher mind. You are opening up to more of your glorious creator Being flow. The space you are in right now is a divine design,

masterfully created by you. You may want to spend sometime with the Acasma Earth

Reconnection Key. Find the Earth

Reconnection card and meditate upon it.

Take a few deep breaths and envision your feet centers activating and your rootlines

coming from your feet

going deeper into the Earth.

It is time to trust yourself at a new level of you. You are creating right now. Your manifestation abilities are greater than they have ever been. Remember this. Direct your energy from your power and don't let the situation choose for you. You created it all now direct it. You are the power. If you need to, remind yourself. If you need to, have a go-to phrase that states your chosen flow. \*I AM safe. I AM loved. Everything I need and everything I want flows easily into my life.\*

This is a powerful card to receive. This card signals healing on a level that ripples out through all spaces of you and your ancestors. This is healing for your own Being and healing for your inner-child, your own child, your own mother, you as a mother. This card confirms a massive shift energetically throughout your entire Earth Human line. Consider what you have healed and allow that flow. Consider what you no longer feed your energy to and allow that shift.

This space you are in is not what you think it is. You know something is not as it seems and you are right. Trust your inner knowing and be open to the answers you are bringing to you. Clarity and truth are waiting for you within your own heart. Trust yourself. Look deeper. Allow your inner knowing. Unexpected gifts await.

It's time to step up yet again. Remember that wanting creates more wanting. When you see yourself as the space you want to be, then that space will be the space you are.

You don't want it- You ARE it.

This card is a reminder of how you already have it, whatever it is. You already are it, whatever it is. Trust this and live from this space of you and watch the reflection called life, mirror this back unto you.

You may even consider that you have the ability to tap into and to trust the spaces of you "down the road" that are already "THERE" if that you is also this you, from your eternal soul, quantum-self perspective, then YOU ARE THERE NOW.

This is a POWER CARD! BOOM. Look at you!! You are no longer the space you are asking about. It is time to allow your higher flow and allow your shift. This card signals something that needs to go. Something that you are ready to no longer focus on or feed your energy to. Trust yourself and be open to releasing what is ready to be released. This may be a habit, a relationship, a hobby, a job, a mindset, a belief, a family drama, or a drama of some kind. Trust yourself detach from it. You are not responsible for anyone but you. Allow others their own choices.

DO you.

This space you are asking about is an opportunity to stretch and grow your faith. Be mindful of what you are “counting on” what are you placing and anchoring your faith in? Don’t lose sight of your own Divinity. Remember who you are and allow these sacred spaces of you to rise. Do a perspective check and verify you are coming from love and your Divine flow and not fear and lack.

This card is a message from you to you asking you to pause and feel your Wholeness. This card signals a Divine Healing of your Being. This card offers the confirmation of a powerful relationship involved and an expansiveness coming in. You are so powerful. Balance is anchoring. You have healed deep spaces of your Being and you are ready to be loved now, as you have found this love within yourself.

Help is here. Trust this space and be open to receive. You are surrounded by love and assistance. Seen and unseen, human and light Beings are here to help you now. Watch and see as love floods in.

Crystals are powerful allies. We are designed to connect with and work with crystal energy.

Whether you can get your hands upon a crystal in the physical sense or whether you are able to envision and intend connection through the quantum field, take time to connect with crystals you are drawn to. Trust yourself. Wear them, place them in your pocket, put them by your bed. Working with crystals will benefit you.

Yes, yes, yes.

This space has a powerful positive flow. This experience has good energy all over it.

You aligned this space perfectly.

Go for it.

It is itme.

You can trust this space.

Selenite would be helpful for your to work with in this space. Selenite offers clearing properties that are needed right now.

Envision connecting with Selenite and or place some selenite around your bedroom, office, etc. Wear selenite on your body. Ask the vibration of selenite to clear the space and to clear your field.

This space is ready to shift and in order for it to do so you need to change your viewpoint.

How are you looking at this?

Is there room in this space for a new perspective?

Are there any fears connected to this space that you are ready to let go of?

New lenses are needed.

Trust yourself and allow your flow.

It is time to understand a new level of you.

When you sleep you move through the quantum field and you explore and grow. You are asking you to anchor more of these higher spaces of you into your now. Trust yourself. Before you fall a sleep at night, state your intention to expand your awareness to remember more of your sleep travels and state your intention to implement this knowledge for your highest good.

When you see this card, you're in the zone.

Abundance and success are here.

Trust this and in trusting this you are allowing this. Your faith in this space of you, AS YOU, is everything.

Abundance goes where trust flows.

This is about feeling safe. A powerful flow of protection and love is all around you. Trust this.

This card also signals a healing for you as a father and or a healing for you with your connection to your father. This card may be connected to the father of your children as well. This card is telling you that you are protected.

The father energy in this space is healing. Religious densities and or traumas are healing. Your higher heart is anchoring this flow.

It's time to pause. It is time to step back and not push or force things. Release any judgment you may have on yourself and or on the space. Trust the flow of you as The Divine.

It's time to take a vacation.

It's time to rest.

You would benefit from taking a little nap now and then. An energy upgrade is available when you take a rest.

This card is asking you to open up your mindset and let go of judgment. This judgment may be on someone else, on the experience, and or on yourself. Be more flexible with all these spaces of you. The way other people do things is good too.

Helpful Mantra

There are a million ways to wash the dishes.
